

Constant Companions Evendale

A day program for adults with disabilities

About Constant Companions

Constant Companions is a day program for adults with disabilities that serves as a hub for social, educational, volunteer and recreational activities.

Constant Companions is part of Hattie Larlham, a nationally recognized nonprofit organization creating opportunities for more than 1,700 children and adults with intellectual and developmental disabilities throughout Ohio.

Our Evendale location

Constant Companions Evendale has been serving the Cincinnati area for 16 years. We provide a compassionate and supportive home-style atmosphere for adults with intellectual and developmental disabilities.

We help our participants make community connections by learning their interests, social goals and talents, and empowering them to choose how to spend their day. Our participants choose from a variety of activities all month long including:

Personal Growth and Learning Opportunities

Daily Exercise
Health/Wellness Opportunities
Life Skills Education
Therapy Dog Visits
Animal Care

Community Involvement

Shopping
Dining
Library Visits
Volunteering
Arts and cultural enrichment

We care for a number of rescue animals onsite including cats, birds, guinea pigs and fish. Our animals are integral to the Constant Companions Evendale program.

Participants are invited and encouraged to help care for, interact with and enjoy these wonderful, friendly animals.
