

Celebrate DD MONTH with us!

What is DD Month?

Developmental Disabilities Awareness Month is observed nationally every March. First recognized in a 1987 proclamation from President Ronald Reagan, DD Month is dedicated to advocating for more inclusive communities and shining the spotlight on the lived experiences of people with developmental disabilities.

Our Role

Since 1961, Hattie Larlham has focused on potential, on hope, and on building brighter futures for people with disabilities. DD Month presents an opportunity to focus on the ways we continue to help people with disabilities achieve brighter futures. It's also a chance to recognize that Hattie Larlham wouldn't have such a lasting legacy within our communities without the dedication and support of donors, volunteers, staff, and friends.

Brighter Together

Because our impact is truly a combined effort, Hattie Larlham celebrates DD Month with the theme, *Brighter Together*. Throughout the month of March, we'll shine a spotlight on the multitude of ways our communities come together in support of our mission and offer new opportunities to engage.
